

# Warroad Public Schools • Anaphylaxis Questionnaire

Student: \_\_\_\_\_ Date of birth: \_\_\_\_\_ Grade: \_\_\_\_\_

School: \_\_\_\_\_ Teacher/Advisor: \_\_\_\_\_ Bus #: \_\_\_\_\_

## Health History Pertaining to Anaphylaxis

Child's age and symptoms at diagnosis: \_\_\_\_\_

Has your child been treated with epinephrine or seen at the emergency room?  Yes  No

If yes, how often and at what age (s)? \_\_\_\_\_

Are there any early warning signs or symptoms of an impending reaction and does your child recognize these?

## Accommodations

Is your child capable of recognizing and avoiding their allergens?  Yes  No

If no, which of the following would you request for your child?

### In the classroom:

- Child will have no snacks unless provided by parent/guardian.
- Parents will be asked to **avoid sending known allergens in any shared snacks** (birthday treats, etc.)
- Letter will be sent to parents of other classmates asking that they avoid sending foods containing known allergens **for their child's snacks** at school
- Teacher will review lesson plans and projects and modify as needed to protect the student
- NO ACCOMODATIONS NEEDED

### In the cafeteria:

- Child will sit at the peanut-restricted table
- NO ACCOMMODATIONS NEEDED

### On the bus:

- School Nurse/Health Paraprofessional will introduce student to driver and show where Epinephrine is located
- NO ACCOMMODATIONS NEEDED

Parent /Guardian Signature \_\_\_\_\_ Date \_\_\_\_\_
